## EDUCATION

---

### BAHIR DAR UNIVERSITY

Bahir Dar, Ethiopia Oct 2019 – July 2024

- Bachelor of science (B.Sc.) in computer science
- Cumulative GPA - 3.85

## WORK EXPERIENCE

---

### Software Engineer - Moti Engineering

Addis Ababa, Ethiopia Jun 2026 – Present

- Working on a customer visit management platform deployed across 6 Commercial Bank of Ethiopia smart branches and head office, and a voice guidance system enabling ATM accessibility for visually impaired users on thousands of ATMs across 39 banks. Involved in vendor software integration, API design, and infrastructure setup for both systems.

### Senior Full-stack web developer - Koket Investment

Addis Ababa, Ethiopia Jun 2025 – Mar 2026

- Delivered full-stack web applications for major clients including Ethiopian Shipping & Logistics, Babugaya Marine Academy, and Koket Investment's corporate site.

### Full-stack web developer - Alpha ICT Tech

Addis Ababa, Ethiopia Nov 2023 – Jun 2025

- Worked on various mobile, web, server, and desktop projects, utilizing multiple technologies for both in-house platforms and client solutions including Boss Burger ERP system that to manage staff roles, handle orders and expenses and validate mobile payments via transaction scraping

## FEATURED PROJECTS

---

### Customer Visit Management (CVM)- Smart brunch management system

- Implemented a customer visit management platform for Commercial Bank of Ethiopia, digitizing branch operations through vendor software integration, custom API design, and infrastructure setup, currently live across 6 smart branches and head office.

### Ethiopian Shipping And Logistics

- Developed a platform for Ethiopian Shipping and Logistics, digitizing customer and internal operations through unified client, staff, and admin dashboards, enabling online service requests, shipment tracking, and improved efficiency across Ethiopia's logistics system.

### Babogaya maritime and Logistics Academy

- Developed a platform for Babogaya Maritime and Logistics Academy, digitizing maritime education through student, instructor, and admin dashboards, supporting course delivery, assessments, and performance tracking for improved learning and academic management.

### Koket Investment

- Developed a modern, user-friendly website for Koket Investment, showcasing their design and build, digital solutions, and trading services while reflecting their innovation, excellence, and commitment to empowering clients and communities.
